About us

Plastoflex is pleased to introduce its new brand *FORA - Simple Life*.

Plastoflex has been developing, producing, processing and distributing high-quality plastic products all over the world for over 40 years. With a total production and storage area of 10,000 m², we create products that exceed the requirements of the market. With the latest technology, high-tech equipment and first-class materials, we create first-class quality. Competitive prices and short delivery times are our top priorities.

All *FORA* products are produced in a particularly environmentally friendly and harmless manner - with the usual Plastoflex quality. *FORA* products impress with their fresh colours, modern style and simple design. They make daily housework even easier and more beautiful. Design, quality and food safety are our priorities. All *FORA* products are of high quality, safe and harmless to health, which is confirmed by regular quality controls.
